

## Back Unit

### Back Unit- UBST40

Size: 900(W)\*500(W)\*900(H)mm Back storage unit is constructed entirely from PLPB (prelaminated particle board), featuring a 25mm thick top and 18mm thick body. The edges of the unit are duly protected with 2mm thick PVC edge banding tape, adhering to the approved laminate shade INTERIOR GRADE. The storage unit is designed with two hinge door shutters, one on the left-hand side and one on the right-hand side, both equipped with locking systems for security. To ensure stability and adjustability, the unit is equipped with levellers that can be height-adjusted as needed. These levellers guarantee that the storage unit can be positioned correctly, even on uneven surfaces. The use of 2mm PVC edge banding tape on all exposed edges not only enhances the unit's durability but also creates a polished and finished look.
