

Executive Table in veneer

Executive table in veneer finish – UEM-101

Size main- 2700(L)*1200(W)*750(H)mm, side return unit- 1200(L)*500(W)*750(H)mm, Overall size of 2700mm (length) x 1200mm (width) x 750mm (height), designed to meet your office needs. The tabletop is constructed using 36mm thick MDF (Medium Density Fiberboard) with a veneer finish, and it boasts a beveled edge with a silver powder-coated finish on top. This combination not only adds a touch of sophistication but also ensures the durability of the surface. The modesty panel is of the ganging type, made of 25mm thick MDF, with a veneer finish that's polished in melamine. It complements the table's aesthetic while providing structural support. Additionally, a side unit is included, measuring 1200mm (length) x 500mm (width) x 750mm (height). Its top is constructed using 25mm thick MDF board, and the understructure uses 18mm thick MDF board, ensuring both durability and a polished look. The storage area beneath the top is divided into two parts - one featuring a fixed drawer unit with a drawer+drawer+file drawer configuration, and the other featuring shutter storage with one shelf -inside. This setup enhances organization and functionality in your workspace. Furthermore, a fixed pedestal is included, made of 18mm thick MDF board, providing additional storage space with a drawer+drawer+file drawer arrangement. To enhance the overall aesthetics and support the main table top, round CRCA (cold-rolled close annealed) pipes have been utilized as the table top support.
