

Cabinet

Cabinet - ULHC33

Overall size of 900mm (length) x 500mm (width) x 650mm (height) and is meticulously crafted using PLPB Board (BSL/OSL). The unit is thoughtfully finished with a 2.8mm thick PVC edge banding tape that adheres to the approved laminate shade suitable for interior-grade applications. The unit's top is constructed from a robust 25mm thick material, ensuring durability, while the rest of the body is composed of 18mm thick, prelaminated particle board. The storage unit is equipped with two hinged door shutters, providing convenient access to storage compartments. For security and privacy, these shutters are lockable. The inclusion of 10mm height levellers, which are height-adjustable, ensures the unit's stability even when placed on uneven surfaces. To maintain a polished and finished appearance, all exposed edges are meticulously covered with 2mm thick PVC tape edge banding tape.
