

## Reception Table

### Reception Table- URT07

Overall size of 2400mm in width, 850mm in depth, and a height ranging from 750mm to 1100mm. The table top is constructed from 25mm thick PLPB (prelaminated particle board) with a 2mm edge bending finished with PVC tape, providing a durable and polished surface. The under structure of the table is made of 18mm PLPB, ensuring stability and support. The reception table also features extended tops, also made of 25mm thick PLPB, providing additional workspace. A 60mm partition is included to help separate and organize the reception area. The table includes a pedestal, which contains two drawers for general storage and one for filing. These drawers come with locking mechanisms, providing security for sensitive documents and items. This reception table is designed for functionality and aesthetics, offering ample workspace and storage while maintaining a professional appearance.
