## UNIVERSAL ENTERPRISES

Communication ports	RJ45 x 1, RS232 ln x1
I/O Ports	USB 3.0 Type A x 2, USB 2.0 Type A x 2, USB Type C x 2, USB Type B (touch) x 2,
	HDMI x 3, DP x 1, VGA/RGB x 1, RS232 x 1, Audio In (3.5mm) x 1, Slot-in PC
	(OPS) x 1, PC Audio In x 1, Earphone Out x 1, HDMI Out x 1
Quiz	In built tool to allow participants to submit answers from their Smart
	Phones (Answering/Voting/Messaging)
Smart Multimedia Port	Built in Type-c multimedia port on front side to deliver Video, Audio, Touch
	control, Internet Sharing and Fast charging of up to 65 watt using a single
	USB type C cable
Auto Brightness Control	Inbuilt Light sensor to control brightness automatically based on ambiance
Software based Video conferencing	Device support software-based VC with internal android platform like
VauTuka	Google meet, Cisco WebEx, Skype, Microsoft teams & Zoom applications.
YouTube	Built in YouTube application and support up to 4K resolution.
Play Store Support	Built in Google Play store to download applications direct from Play store
Inbuilt Cloud drive	Inbuild cloud drive access from Google drive & One drive
Quick Access Tool	Floating Tool available on all screen for quick access tools and same
Multiple controlling menu	customized as per user requirement. Multi Controlling menu including Side menu, floating menu and pull up
Multiple controlling menu	menu.
Sound Enhancement	Inbuilt Volume equalizer and surround sound support to enhance the sound
	quality
Screen Recording	Built in Screen recording feature supports up to full HD resolutions
Screenshot	Built-in screen shot option using single click
Gesture Control	Gesture control like Hold five fingers on screen for Interactive display sleep
	mode, hold and move three fingers on screen for Floating menu & swipe
	the screen Upside for Pull up menu control.
Split Screen	Inbuilt split screen user able to split the screen to operate multitask like
	play a video in half of screen and open whiteboard in other half side.
Power Supply	AC100 to 240V, 50 / 60 Hz, Standby <0.5 W
Maximum Power Consumption	300W
Accessories	Remote Control w/ Battery , Power Cord (1.5 Meter) x 1, Floor Stand, Touch
	Cable (USB A to USB B 1.5 Meter) x1, HDMI Cable (1.5 Meter) x 1
Operating Temperature	0°C ~ 45°C
Operating Humidity	10% ~ 80% RH Non-Condensing
CPU	Quad Core 1.9 Ghz
Graphics Card	Integrated Graphics
RAM	8 GB DDR3/DDR4
Storage	64GB
0S	Android 11

## UNIVERSAL ENTERPRISES

**Device Management Software (Optional)** 

The envisioned platform is an integrated device management and monitoring software designed for Interactive Flat Panel Displays (IFPDs), offering comprehensive features for usage tracking, application management, and error monitoring. The system provides a centralized dashboard for real-time visibility into device statuses, including daily, weekly, and monthly usage breakdowns, online/offline categorization, and notifications for malfunctions or disconnections. It enables remote installation and uninstallation of applications with detailed logs, incorporates intelligent app blocking to prevent the removal of critical applications, and issues alerts for unauthorized activities or devices breaching predefined geo-fencing boundaries. The platform also ensures secure cloud-based synchronization of usage details with user-based authentication, while push notifications inform users of system online status. The overarching goal is to offer a robust solution that combines hardware integration, software development, and cloud infrastructure to provide a secure and efficient IFPD management experience.
