

Conference Table

Conference Table - UCT06

Overall size of 3600mm (length) x 1500mm (width) x 750mm (height). The tabletop is crafted from a substantial 43mm thick combined PLPB (prelaminated particleboard), ensuring sturdiness and durability for long-lasting use. The gable end is constructed as a solid box, measuring 100mm in thickness and made of 18mm thick PLPB, providing structural integrity and stability. To achieve a polished and professional appearance, all exposed edges of the table, including those of the top and gable end, are duly edge banded with a 2mm thick PVC tape. This meticulous finishing not only enhances the aesthetic appeal but also contributes to the longevity of the conference table. A flapper will be provided of size 400*120mm.
